CAMLogic
Empowering Innovation

Listed below is a complete list of available translators and how to access them. Most of the translators are built in, however, the right two columns require a purchase. That being either an add-on or VBL tokens.

TRANSLATORS

	Built-In	Add-on	Value-Based Licensing
Solid Edge	Parasolid NX DXF/DWG STEP JT ACIS Solid Works CREO Inventor IGES OBJ STL IFC	CATIA v4 CATIA v5	CATIA v4 CATIA v5
